JURY FINDS GROTZ NOT BLIND PIGGER

The case of William Grotz charged with blind pigging at Mendocino, came up in the Superior court Tuesday and was tried before a jury. Grotz was found not guilty for the first time in his blind pigging career. The witness for the prosecution was John McCarthy, an inmate of the city calaboose at the present time and a former resident of most of the calabooses in the county and the county jail. He testified that he had gone to Grotz place of business and bought a two bit flask and also several rounds of drinks.

Ward Reis testified that he had searched him before he went in and after he came out and found the bottle. No evidence was offered by the defense and their case was rested on the reputation of McCarthy and that Grotz was trapped. After the trial it is reported that one of the jurymen stated that he had no doubt that Grotz sold the whiskey, but they resented the fact that a man with McCarthy's record was the prosecuting witness, and disregarded his testimony. Billy told several friends after the trial that this was the last time and that he had enough and was going to reform, but he has made this statement on previous occasions.

As the same witness was the complaining witness against Fritz Heldt, on the motion of District Attorney McCowen, Heldt was dismissed. The jurymen in the Grotz case were: C. A. Bernhard, foreman; Carl Lambert, W. Rush, T. J. Joslin, G. E. Freeman, H. E. Gowan, M. V. McAnnich, A. T. Moore, B. K. Newell, T. L. Clark, B. R. Wellock and W. W. Bowen.

ONLY ONE COUPLE WED

George Earle Gamble and Hazel M. Schulthers were granted a marriage license on April 1st. Cupid Thomas reports that the reduction in the price of licenses does not seem to have any stimulating effect on business and is trying to figure out some way of increasing the sales of licenses.

MENDELSSOHN'S LAST DANCE

The Mendelssohn Club announces their last dance for the season on April 24th at Cleland's hall. The young ladies promise that this will be the event of the season.

BYRNES CATCHES AN ESCAPE

Sheriff Byrnes arrested a man named Tice in Fort Bragg and brought him over to jail. Tice was an escape from Del Norte county and was in jail on a charge of rape. He had raised a beard and had so changed his appearance that Sheriff Byrnes has proven himself a rare sleuth in being able to recognize him.

In last week's Press we announced that we had a plan in view by which it would be possible for any scholar in Mendocino county over 12 years of age to attend the Panama Pacific Exposition. We are pleased to announce that the plans are about perfected and any young lady or gentleman who is interested can obtain particulars by writing to W. O. White, editor of the Republican Press, Ukiah, Calif. The Press has decided to try out a new idea that is entirely different from any that have ever been put on in this section before. Any boy or girl who so desires will be able to obtain the trip to the exposition regardless of the efforts of any other boy or girl who is making the same effort. In other words your success of failure will depend entirely upon your own efforts. All that will be necessary is for you to make up your mind to perform a certain task, which by the way will be a very reasonable one, and then go ahead and accomplish what you have started out to do. Remember that the Panama Pacific Exposition is something that comes only once in a life time and something that you cannot afford to miss. You have read about its beauties and wonders in the Press and other papers. You can ask your teacher about it when she returns from institute. Every one will tell you that if you can possibly see it, is is well worth any effort. Here is your chance to see the exposition and have all your expenses paid by the Republican Press. Write today for particulars.

UNDERSHERIFF CLAY INJURED

Undersheriff Clay is wearing a bunch of abrasions on his face that look like a map of the war zone. He had the usual amount of epidermis when he joined Ward Reis and Constable Brewer in the pursuit of the gypsies a few days ago and some one reported that one of the fortune tellers was responsible for his disfigurement. The true story, however, is said to be that in going over a bridge the auto lurched and threw Mr. Clay into the top and he struck on the woodwork, rendering him unconscious for several minutes.

TOWN BOARD ISSUES LIQUOR LICENSES

At the meeting of the board of city trustees Monday night the principal matter to come up was the granting of liquor licenses. It was decided to refuse to grant a restaurant liquor license to the Chinese restaurant. The license for Carothers' restaurant was considered and as this was the first time that any complaints had reached the board, a license was granted. Casabonne & Gucker were granted a license on the condition that the door between the saloon and restaurant be permanently closed. The complaint against this saloon was that liquors had been served in the restaurant after hours, but there was no evidence to show that Casabonne & Gucker knew anything about it, as the restaurant was under a different management. The restaurant has been closed for the present.

DRINKING FOUNTAIN AT PALACE

A modern porcelain drinking fountain has been installed in the lobby of the Palace hotel. A jet of water is released by pressure on a lever. The necessity of sanitary drinking cups is done away with. This is the same model of fountain that is being installed in all of the larger hotels in the big cities. The Palace as usual, is up-to-date.

SOME FINE CAPONS

Express Agent Custer reports the shipment Saturday of a record bunch of capons for the San Francisco market. They were rised by Charles Roller and Charles Wilson and are of the buff orpington strain. Sixteen weighed 108 pounds. Naturally they brought the highest market price.

SWIFT GOT VERDICT AGAINST WALDTEUFEL

The case of H. H. Swift against J. A. Waldteufel, by which it was sought to secure $200 claimed as a commission due on the sale of a ranch, was tr'ed in Judge Crockett's court Tuesday. It seems that Waldteufel received $400 commission from the sale of the Swift ranch near Hopland, which belonged to Attorney Theodore Hale, to Messrs. Day and Sessons. Swift, who was the former owner of the ranch claimed that he had an agreement with Waldteufel by which he was to get half of the commission if he found a buyer for the property, which was listed for sale with Waldteufel. Swift claimed that he found the buyers and after the sale was made he demanded his half of the commission. Waldteufel refused to part with the $200 and claimed that there was no agreement to that effect and based his defense on this assertion. Judge Crockett, however, decided that there was an agreement and awarded Mr. Swift $200 as his portion of the commission. Attorney C. M. Mannon of the firm of Mannon & Mannon represented Swift and Waldteufel was represented by W. D. L. Held.

PRELIMINARY EXAMINATIONS

H. E. Sloane, who was arrested last week for passing a bad check on Frank Sandelin, has admitted his crime and it is said he will plead guilty. It is reported that he also tried to pass a check while in Potter. He was soliciting business here as the agent of an accident insurance company. His preliminary will be held before Judge Crockett today. The case of Roy Mott of Moody charged with rape, will also come up Friday in the same court.

MISINTERPRETED THE LAW

Louis Alberga pleaded guilty of selling booze at Hopland, before Judge Crockett, and also pleaded guilty of the offense in the superior court Wednesday afternoon. Judge White fined him $150 and placed him on probation for a year. Albergo has been peddling wine at Hopland in two gallon nantities. He, however, made the mistake of delivering a couple of gallons to a rig in Hopland instead of at the permanent residence of the purchaser.

HAYNES FREE INSPECTION

Gowan Bros. are announcing this week that Ray Thompson, expert factory mechanic, will be here Monday to inspect every Haynes auto in this vicinity. This is the regular free inspection service of the Haynes cars and Haynes owners are requested to notify Gowan Bros. where their cars can be seen. This Haynes free inspection is one of the strongest selling features of the Haynes organization. A competent factory mechanic makes the rounds every month and inspects every Haynes car free of charge.

WILLITS PAVING LET

The town trustees of Willits awarded the paving contract Wednesday night to Clark & Henery, the lowest formal bidders, at 40 cents for curb, 45 cents for gutter and 16½ cents a square foot for pavement. The Federal Construction company had in an informal bid for 14 7-10 cents, but failed to put up a bond. It is understood that they are now trying to get the property owners to sign up at this price and do the work by private contract. The pavement is to be a 5 inch concrete base with a finish of ¾ inch oil and screenings.

FAMOUS PHOTO DRAMA

The local lodge Knights of Pythias has made arrangements with Manager Cox to have the famous photo drama Damon and Pythias, presented at the Victory theatre on May 12th. The lodge members and their families will attend in a body. The play shows the incident on which the Pythian order was founded and several thousand people are shown in the caste.

BUSINESS MEN ORGANIZE

The business men reorganized Tuesday night and have eleceted L. H. Foster president and Attorney K. C. Eversole as secretary. A banquet was served at the Palace after the meeting.

Ukiah, April 6, 1915.

Mr. W. O. White,
Editor Republican Press,
Dear Sir:

The members of the Kosmos Club have asked me to express to you their appreciation of your courtesy in giving them the opportunity to secure funds for the Club's philanthropic work. The proceeds of the sale of the articles entered for the Cooking School prizes amounted to $13.00.

The instruction given in connection with the Cooking School was enjoyable as well as helpful. The School, which was an innovation in Ukiah, was a great success, and you deserve the gratitude of the community for this progressive spirit.

Very truly yours,
Eleanor N. Graham,
Pres'dent of the Kosmos Club.

MISS LOIS HUTCHISON ENTERTAINS FRIENDS AT EASTER PARTY AT MSS EDWARDS' STUDIO — PHI KAPPA CLUB PULLS OFF TWO SOCIAL EVENTS.

Miss Lois Hutchison entertained about thirty of her friends at an Easter party given in Miss Edwards' studio last Friday night.

First a game of roodles was played, the prize winners being Mayme Gowell and Charles Hansen. After this game Mr. Hutchison played the piano and everyone started dancing. The programs were dainty Easter eggs with little chicken heads popping out. The novelty of the program was an Easter Special. Everyone got their partners and were prepared for a walk, when much to their surprise they were told to get ready for refreshments.

About twelve the guests left and all thought Miss Hutchison a very delightful hostess.

The Phi Kappa Club held its second meeting at the home of the Misses Dorothy and Marian Handy on the night of April 1st.

Several games of rook were played, the prize winners being Terrel Duncan and Veta White. Terrel also won a guessing contest.

About ten o'clock refreshments were served in the way of ice cream and cakes. After the refreshments some of the parties danced, and about eleven left for their homes.

The third meeting of the Phi Kappa Club was held on Wednesday, April 7th. The members had planned on taking an all day picnic, but as it rained Tuesday night, they decided different.

About one o'clock they met at the home of Esther Alvarez and on account of one person, waited until two before starting for the foothills. They stayed until about five thirty, when they went to the home of Miss Veta White, where a picnic supper was prepared.

The evening was spent in games of rook and dancing. The rook winners were Edward Hansen and Dorothy Handy. Those present were: Dorothy Handy, Marian Handy, Gladys Anker, Edyna Shearer, Esther Alvarez, Lois Hutchison, Veta White, Charles Hansen, Ed. Miller, Edward Hansen, Harold Sloper and Malbone Graham.

REO SIX COMING

Lambert & Babcock of the Reo sales company report that another car load of Reos have just been shipped to them from the factory and will arrive about the middle of the month. They are particularly anxious to receive this shipment as it contains one of the famous Reo Sixes, the first to be shown in this section.

WEATHER SPOILS FISHING

The unsettled weather has made the fishing poorer than usual during the first of the season. While there seems to be plenty of fish, they are not biting and it will take a few warm days and lower water to make fishing very exciting.

The Press Cooking School Closes Successful Week

PRIZES ARE AWARDED IN BAKING CONTEST SATURDAY AFTERNOON AND MRS. F. T. BARKER SUCCEEDS IN CARRYING OFF THREE PRIZES—KOSMOS CLUB SECURED OVER $13 FOR CHARITABLE WORK BY SALE OF ENTRIES

The Press Free Cooking School closed at the Victory theatre last Saturday and the affair was eminently satisfactory to all. There was a large number of entries in the baking contest and the Kosmos Club netted $13.50 from the sales of the cakes, pies, bread, etc., to be used in their charitable work.

The judges selected by the Kosmos Club to award the prizes were: Mrs. W. M. Cox, Mrs. Frank Rea and Mrs. T. J. Weldon. So fine were the entries that it was no small task for them to pick the winners. Their decisions were popular, however, as each announcement of an award brought an applause.

The fortunate ladies were particularly pleased with their prizes. Mrs. Frank Barker will probably be known as the best cook in Ukiah, as she succeeded in winning first, second and third prizes. The winners were:

Loaf Cake Division

Mrs. J. L. Brown, first prize, $10; Mrs. L. E. Searing of Calpella, second prize, cabinet of Folger's extracts and spices; Mrs. Frank Barker, third prize, 49 sack of Globe A-1 flour.

Layer Cake Division

Mrs. Jennie Edwards, first prize, $5; Mrs. Frank Barker, second prize, Folgers cabinet of extracts and spices; Mrs. Katherine Sloper, third prize, 49 pound sack Globe A-1 flour.

Pie Division

Mrs. M. E. Edwards, first prize, wear-ever tea kettle, donated by Cox Hardware Co.; Mrs. Ida Liftchild, second prize, 49 pound sack of Globe A-1 flour.

Bread Division

Mrs. F. T. Barker, first prize, $5; Mrs. M. E. Adams, second prize, bread mixer; Mr . Mary Sanders, third prize, 49 pound sack of Globe A-1 flour.

Special Prize

Mrs. C. W. Bradford, $3 for the best Parker house rolls.

The ladies of the Kosmos Club were particularly grateful to the Press for giving them the opportunity to put some money in their charity fund and will undoubtedly spend it in a way which will bring the most good. Many of the Ukiah ladies have personally thanked the Press for giving them the opportunity to benefit by the cooking school and one lady remarked that she had learned more than she could out of a dozen cook books.

Mrs. Dwelle was particularly pleased with Ukiah and reports that the ladies here were very attentive and anxious to know just why she did certain things and that she believes that the Press school was one of the most satisfactory that she has ever conducted. If possible it is the intention of the Press to secure her to conduct a cooking school again next year.

FRIDAY AFTERNOON

The pastry lesson was a particularly interesting one. Without exception the ladies declared it a profitable afternoon.

The afternoon saw even greater numbers present, when Mrs. Dwelle showed best methods for pure success in the making of various sorts of pastry.

Speaking of pastry during the lesson, Mrs. Dwelle said that success in pastry making depended largely upon keeping the ingredients cold and handling the dough deftly. Its lightness depends upon the amount of air enclosed and expansion of that in making. Flakeiness depends upon the kind and amount of shortening used. Lard makes more tender crust than butter, but lacks the flavor that butter gives. Half butter and half lard is, perhaps, the most satisfactory combination. A good rule is one-third as much shortening as flour and the wetting one-quarter the amount of flour. The shortening should be cold and hard and worked into the flour with the finger tips or chopped in with a case knife. Add the water a little at a time, mixing with a knife. Make the dough just wet enough so it can be rolled. Too much water will make soggy crust.

BELGIAN HARES FOR MARKET

Ed. Metcalf has built up quite a profitable business in raising Belgian hares for the market. He has a number of regular customers and the demand for the toothsome hare is increasing. When properly prepared they are tenderer than a chicken and as there is no dark meat they are a much better value for the money.

POST-GRADUATE FOR GRAMMAR SCHOOLS

Assemblyman Pettis writes that during his campaign it was suggested by several that the establishment of post graduate elementary courses was desirable. Such bills were also introduced by Assemblyman Rigdon and Sisson. The Rigdon bill was amended at the suggestion of Sisson and Pettis and finally whipped into its present form. As Assemblyman Pettis is desirous of receiving the opinion of his constituents on all matters, the bill is published below. Assemblyman Pettis writes that it has been a very busy session and that he has scarcely had time to do anything but attend to the business of the legislature.

"Section 1. Section one thousand seven hundred seventy-nine of the Political Code is hereby amended to read as follows:

1779. The county board of education must, when requested so to do by the board of trustees of any common school district, not included in any city, district, union or joint union high school district, (and when such request has been approved by the county superintendent of schools) prescribe for such common school district, a post-graduate course of study requiring one or two years for the completion thereof as may be desired by such board of trustees. Such post-graduate course of study shall be open to students who have graduated from the elementary school, or who may be admitted upon examination by the principal of the school offering the post-graduate course; provided (that a common school district located within a union, or joint union or county high school district may, with the approval of the principal of the high school of

With Our Future Citizens

The pupils of Lottie J. Lake of Hearst district have taken quite an interest in the Press Roll of Honor. As they are particularly interested in manual training three more essays on that subject are submitted by her pupils this week. The Press is glad to receive these essays and will be pleased to receive essays from any of the schools on any subject.

How to Make a Model in Wood.

Leo Sagehorn—Eighth Grade.

Choose something that you want to make.

Make a drawing of the object, so that you will know the length of the pieces and how to put them together.

The joints and curves should be marked on the wood, and should be cut exactly to the measurements so that they will fit.

After the pieces are all made they should be put together; if they fit exactly they should be glued together. If some of the pices do not fit exactly they should be made over.

Then it should be sand papered until it is smooth and no rough places along it.

After the pieces are put together and sand papered, stain should be applied to it to color it. Some somber color is best, for they fit better in a home. Some good grade of stain should be used. Stain should be put on very carefully so that it is all the same color, and the grain of the wood shows nicely. After the stain is put on and dried the wood should be polished with shellac or wax. These protect the wood and make it more beautiful. It should have several coats of finisher.

How to Choose a Model For Manual Training.

Dick Houx—Eighth Grade.

There are four things to keep in mind in choosing a model. Usefulness, strength, durability and beauty.

We must choose a useful model. A thing of real value to the user. Do not waste time making things not useful. Let it fit the place it is to be used for.

If things are strong, they will give pleasure to the one who makes it and the one who uses it.

When we make a thing we must make it well in every way, so it will last a long time. If we split a board we must get another piece and be careful to make it right next time.

We must try to make the object as beautiful as possible. Have good tools, good material, good design and be patient. Make the object exactly like the pattern.

For Success in Manual Training.

Morris Neighbor—Seventh Grade.

To have good success in manual training you must have good tools. You must keep them sharp. If the tools are dull they bruise the wood and the result is a poor joint—then the pieces are spoiled. You must have good material. Good lumber, stain and finisher. If the lumber is poor it takes much better workmanship to get good work, and we are not skilled as yet—either in muscle or in workmanship.

You must have plenty of time and patience. You must keep on working until things fit right, or the work will not be good when finished. If we hurry, things are liable to go wrong.

You must have strength and use your strength. Then you can get things sand papered, joints exact and edges smooth and square.

You must have a desire to do the things. If you have no desire to do things, you will not do well. But, if you have a desire to do things you should do them better because it is more interesting and a pleasure to work.

Manager Harry Shimmin of the Irvine & Muir Company's store at Potter was in town Wednesday.

Homer Spencer brought over a fine bunch of steers yesterday from Lake county which he sold to C. P. Smith.

Clifford Davidson has been offered a good position with customs office in San Francisco, but has decided to retain his position with Attorney Duncan and complete his high school course.

SYNOPSIS OF LECTURES AT ADVENTIST CHURCH

Very interesting meetings were held in the Seventh Day Adventist Church Friday evening, aiso Sabbath at 11 a. m. and 7:30 p. m. Elder W. P. Dayton of the Pacific Union College was the speaker. Friday evening Elder Dayton used for his text Matt. 7: 13-29. Jesus taught with authority, V. 29. When a message has been raised up by God then it goes with authority. God had a message in Noah's time—tremendous—but unpopular. Scoffers asked, "Do you say water is coming to float of ark?" Noah said, "yes, it is coming." You can answer a scoff or a sneer with this scripture, 2 Pet. 3: 3, 4, tell them "Bible says you are the man that is fulfilling this scripture." People scoffing at Christ's coming. Message for today is going with authority. The third angel's message is the greatest message in the world today. Rev. 14:6-12. The call of the hour is "Prepare to meet thy God."

At the 11 a. m. services the subject was, "What Was Nailed to the Cross." This subject was presented in a very interesting manner and rays of light shone with great clearness as these gems of truth were opened to our minds.

Saturday evening the subject was "The Law of God." Texts, Heb. 1:2. John 1:1-3. Christ is the creator. Everything made by Christ? Yes, whether worlds, laws or commandments. First creator, then ruler by reason of his Kingship. Ps. 103:18. God is a perfect God, His law is a perfect law. When man was created certain relations existed between man and his creator. First four commandments, duty to creator, other six based on relationship of man to man. Christ spoke law on Mt. Sinai. Christ wrote law on tables of stone. Christ's own words, "if thou wilt enter into life keep the commandments." Matt. 18:17. "If offend in one point, guilty of breaking all." James 2:10. Rites and ceremonies have passed away 1 Cor. 7:19. One title of law shall not fail, Luke 16:17. "All thy commandments are righteousness." Ps. 119:172. "My righteusness shall not be abolished." Isa. 51: destroy law, but to fulfill." Matt. 5: 6. Christ's words, "Am not come to destroy law, but to fulfill." Matt. 5: 17. "Verily, truly till Heaven and earth pass, one jot or title shall not pass from law till all be fulfilled." V. 18.

OUR BOONVILLE CORRESPONDENCE

BOONVILLE, April 7.—R. H. Fitch went to San Francisco last week expecting to take a boat for the Alaska gold fields, but the boat sailed a day before his arrival in the city. He spent several days visiting at the fair grounds, returning and yesterday motored to Point Arena to complete arrangements for the northern trip.

Ivan Lawson went to Greenwood yesterday to work in the mill yard, that concern now adding to their force of men. O. H. Robinson also went over Saturday to resume his duties as filer in the Greenwood Creek logging woods.

Wade Burger is on a visit from Oregon to his parents, J. R. and Mrs. Burger.

Miss Neva Nunn is up from her Richmond home and will remain during the summer.

The ball team of the Anderson Valleyley high school played the school team at Point Arena last Sunday, taking a defeat of 14 to 12. The Anderson Valley team had an eventful trip, "working" their way through the mud by auto over the Navarro Ridge hill. Every boy had his shoulder to the wheels on the up grade and wouldn't be "throttled down." On the return trip night overtook them on the same ridge and without lights they were forced to a hay barn with stars for blankets. None of them have been looking for another game since returning.

H. B. Muir and nephew, Guy Muir, of Willits were noticed in our midst recently.

Oscar Hogan is visiting W. M. Hogan, his father, of Boonville. Oscar has a position with the Scotia Lumber Co.

E. M. Duff has the company of Mrs. Simpson, his daughter of Fresno.

Miles Sigler took a load of school teachers to Cloverdale Saturday, and from there they took the train to the convention at San Francisco.

Miss Frankie Hartly is again at her position in the telephone office.

R. T. Hutsell has the company of a nephew whom he has not seen for nearly twenty five years.

M. W. Caldwell and daughter, Miss Nina and J. V. Bivans had business in Ukiah Monday.

MRS. DWELLE'S RECIPES

Good Every-Day Pie Crust.

Three cups of Globe A 1 flour, a scant cup of lard, one teaspoon of salt and sufficient cold water to make a soft dough. Roll and fold twice.

Plain or Chopped Paste.

Put into a bowl three cups of sifted Globe A 1 flour and a level teaspoonful of salt and one of sugar, put into the flour half a pound of butter, cutting it into bits and quickly covering each bit and flour. Measure two-thirds of a cup of ice water; add it here and there all over the flour, never pouring it twice in the same place. When all is moisened so that it holds together turn it out on a board, roll quickly from you, fold in the sides, and then the end; turn, roll it from you again; fold and roll again. Stand on the ice until wanted.

Filling for Lemon Pie.

Grated rind of 1 lemon and one-third cup of lemon juice; one cup of sugar, five eggs, beat yolks of the eggs; add sugar, grated rind and lemon juice, and cook until thick. Take from fire and add beaten whites of three eggs. Fill baked pie shell and put meringue on top made of the two remaining egg whites and four level tablespoons of powdered sugar; bake until firm and delicately browned.

Peach Tartlette.

These may be made in tart pans, flat or square. Roll paste in long strips, trim edges and cut in squares; touch here and there with white of egg, fold over corners a little way from center and bake. Take from oven, place half of a canned peach on each tart and top with whipped cream. Grate stale macaroons or a few chopped nuts over top.

Filling for Pastry Cups.

One cup sugar, half cup water, boil the above seven minutes and pour over equal proportions of Del Monte pineapple and orange cut in cubes; top off with whipped cream and decorate with a candied cherry.

Pineapple Bavarian Cream.

Heat one can of Del Monte grated pineapple, add half cup of sugar, two tablespoons of lemon juice and two level tablespoons of gelatine. Chill in a pan of ice water, stirring every few minutes. When it begins to thicken fold in one pint of cream whipped stiff. Pour in a wet mold until firm.

Orange Bread.

Soften one cake of compressed yeast in ¼ cup of lukewarm water, add to one cup of orange juice, grated rind of 2 oranges, 2 tablespoons of butter, one teaspoon of salt, 2 tablespoons of sugar, yolk of 1 egg and about 4½ cups Globe A-1 flour. Knead until dough is smooth and elastic. Let raise until double in bulk. Shape in loaves and when again nearly double in bulk, bake one hour. Use for plain butter or any kind of cheese or sweet sandwiches, or to serve with cocoa or tea.

POST-GRADUATE FOR THE GRAMMAR SCHOOLS

(Continued from page 1)

of the district involved, establish and maintain a post-graduate course of study in the manner provided above; and provided; further,) that no student who has not graduated from the elementary schools shall be admitted, except upon approval of the county superintendent of schools.

Said post-graduate course shall consist of business English, commercial arithmetic, commercial and physical geography, bookkeeping and United States history and civics. The county board of education may also provide work in elementary agriculture, manual arts, stenography and typewriting. The county board of education may adopt, for a period of not less than four years, such textbooks as may be necessary to carry out said post graduate course; provided, that the state series of textbooks shall be used wherever adapted to the teaching of any subject; and provided, further, that all textbooks, except books of the state series, shall be purchased by the school district out of the library, county or special fund and furnished free to the pupils.

The average daily attendance of students enrolled in such post-graduate course must be counted as a part of the average daily attendance of the elementary schools and used by the county superintendent in making the estimate of the number of teachers to which a school district is entitled under the provisions of sections 1532 and 1858 of the Political Code, and shall be used in making apportionments of state and county school moneys on the basis of average daily attendance under said sections.

Whenever a student has successfully completed a post-graduate elementary school course embracing two years, the county board of education shall issue to such student a post-graduate elementary school diploma. County boards of education may determine whether such student is entitled to the post-graduate elementary school diploma, by written examination or otherwise.

Whenever a student, enrolled in a post-graduate elementary school course, shall cease to attend school, the principal of such school shall, upon request, give to such pupil a written statement showing the subjects studied, the time devoted to each subject and the standing attained in each subject.

SOME FINE LAMBS

W. L. Crawford was in town Wednesday and brought in a fine bunch of spring lambs which he sold to Hansen & Ward and C. P. Smith to be butchered for the local markets. They were an exceptionally fine lot and Mr. Crawford received the highest price that has been paid for spring lambs in this city. The Crawford ranch has been noted for the quality of lambs furnished the markets and is living up to its reputation.

NEWSY NOTES FROM POTTER VALLEY REGION

POTTER VALLEY, April 8.—There is very little news in our valley just now. We are having fine weather, just like California to have, all nature filled to the brim with life.

Miss Jessie Burkhart, a student of the Ukiah High School, is spending her vacation by visiting her father, Geo. Burkhart, and her many friends of this visinity.

Edward Brower and wife left one day last week for Redding, where they will spend a few days visiting relatives and friends.

A. L. Smith of Maricopa, Arizona, is spending a few days in our vicinity visiting his father and relatives.

Miss Mable Brower left the first of this week for Scotts Valley for a few weeks visit to her sisters, Mrs. I. E. and D. A. Shiell. Her many friends wish her a pleasant time while in Lake county.

The concert given by the Potter Valley band Wednesday evening, March 31st, proved a success and was enjoyed by all. The program rendered is as follows:

Several Selcetions by the Band

Duet ...Gus Busch and Harry Shimmin
Reading, "An Italian Love Story"..... .....Mrs. Helen Busch
Quartette .....
Quartette.....Wattenberg Bros., Shimmin and Thornton
Selection ..... Orchestra
Play, 1 Act—"Put Him Out."

Refreshments were served and a general good time enjoyed by all.

There is being held in our midst a revival at the M. E. church. Mrs. Elsie F. Clyma of San Francisco is conducting these services. The Easter day services were well attended. At 11 a. m., Wm. F. Gregory preached on "A New Life," from the Text St. Luke XXIV 34; "The Lord is Risen and Hath Appeared." He developed his thought thusly, 1. The night of a man's life. 2. The dawn, and 3. The Daytime of Life, is a Christian life, and a renewed life.

At the M. E. church at 7 oclock the S. S. gave a splendid program and everybody was well pleased and felt better for having attended the church.

Miss Elsie Cowie left Monday for San Francisco and the P. P. I. E. and the teacher's institute.

Sabbath April 11 at 11 o'clock Wm. F. Gregory will preach on "Danger Signals," Text II, Sam. XVIII; 29. "Is the Young Man Absolom Safe?" Sabbath school at 11 a. m. Mrs. C. B. Neil Supt. She requests the presence of all the S. S. students.

Miss Snow Newton spent Monday in Ukiah.

TEACHERS IN SAN FRANCISCO

Teacher's institute is in session in San Francisco and as a result Mendocino county is depopulated as regards to teachers. School Superintendent Mrs. Porterfield and a number of local teachers went down Sunday morning.

AT UKIAH CYCLERY

Van Nader & Hawn have put in a complete line of Diamond & Republic auto tires. They have also received one of the latest Indians with three speeds and completely equipped.

RECENT ARRIVALS AT JAIL

Emil Dahl of Fort Bragg was brought over this week and is being held for trial in the superior court on a burglary charge. John Stanich of Fort Bragg was also brought over and is serving 60 days for vagrancy.

BUYS HAYNES SIX

R. A. Enright of Potter Valley purchased a Haynes Six from Gowan Bros., this week. Ed. Stoddard of Fort Bragg has ordered two seven passenger cars for delivery May 1st. Frank Gowan went to San Francisco this week to bring up another Haynes.

ASSESSOR'S NOTICE TO PROPERTY OWNERS

Article 13 of Section 8 of the Constitution of the State of California, reads as follows:

The Legislature shall by law require each tax payer in this State to make and deliver to the county assessor annually a statement under oath setting forth specifically all the real and personal property owned by such tax payer or in his possession or under his control at 12 o'clock Meridian on the first Monday of March.

Section 3648 of the Revenue Laws of the State of California says:

Any property wilfully concealed, removed transferred or misrepresented by the owner or agent thereof to evade taxation, upon discovery, must be assessed at not exceeding ten times its value, and the assessment so made must not be reduced by the board of supervisors.

The people of the State of California abolished the poll tax at the last election. In previous years the assessor depended on his 15 per cent commission on all poll taxes collected to furnish a fund out of which to pay his deputies. However, since the poll taxes have been abolished the assessor is unable to hire deputies, and each tax payer will be required, therefore to make out and forward to the assessor on or before the first day of April, 1915, an itemized statement of all real estate and personal property in his possession or under his control on the first day of March of the year 1915.

Under conditions this year a just and equable assessment of the property of Mendocino county will be possible only through the co-operation of the property owners themselves and I appeal to you to do your best to further my efforts in this direction, by making out and sending in statement required.

W. S. VAN DYKE,
Assessor of Mendocino County, Calif. 38-tf.

ORDER TO SHOW CAUSE WHY ORDER OF SALE OF REAL ESTATE SHOULD NOT BE MADE.

In the Superior Court of the State of California, in and for the County of Mendocino.
